HANLAN beat the record, yesterday. Probably Old Record's boat was sawed.

THE San Buenaventura delegates lean to Lynch. They don't know what's Swat.

THE attempt to galvanize the corpse of Terry's charges, yesterday, was a signal failure.

SAN FRANCISCO had a baby *temblor*, yesterday. She was bound to show the vets all the lions.

GENERAL W. H. L. BARNES talks back to the Bulletin, and says he wears no factional party collar.

CLEVELAND isn't above kicking a fellow when he's down. He has ordered the Land-office removed from Bodie.

IT is now suggested that all this Cutting row is merely a Mexican real estate scheme. This beats Los Angeles time.

CHARLES E. NIXON, who is now "doing" the coast, is contributing some very readable letters to the Chicago Inter-Ocean.

THE Alta California is in a state of astonishment and delight over a fifty-four pound watermelon received from Tehama county. Such a product would be considered a *sandilla chiquita* in Los Angeles.

JUDGING by the performances of Judge Hoffman, the creation of a new United States District Court in Los Angeles is merely opening a back door for Chinese to get into California.—[Oakland Enquirer.

Why so?

WE are notified that the Texas Democratic "platform upholds the administration of the President." It must be a cast-iron platform if it can assume such a pressure—as the immortal J. N. would have it.

AN attachment was served Tuesday on the Riverside Enterprise, with aggravating circumstances. Mr. Studabecker thinks he realizes in the "job"—and a dirty job at that"—the fine Italian digits of Lobbyist L. M. Holt. The attachment was finally released.

ATTENTION is again called to the meeting in the interest of grape-growers, to be held at one o'clock on Saturday next, in the United States Court Building, over the Farmers and Merchants' Bank. It is of great importance that there should be a large attendance, and every grape-grower should be present.

THE Republicans of the first and second precincts of the Thirty-eighth Assembly District, San Francisco, have elected delegates to the State Convention, and adopted a resolution pledging all candidates to ignore the bosses and to vote only for the nomination of good men. Gen. W. H. L. Barnes was nominated for delegate-at-large.

GENERAL BLACK has inspected the Soldiers' Home at Yountville, with a view to getting information as to the propriety of the Federal Government founding there a permanent and well-endowed Home for the Veterans. The Alta says he found many things in the location, and the necessity for such a Home, that tended to favorably impress him.

REMITTANCES are received, now and then, at this office—without name, date, or a line, written or printed, to indicate the sender. This may be smart, bright and pretty in some places, but the busy workers in a newspaper counting-room consider the individuals who will do this thing to be lacking in every good quality and sure of condemnation here, if not hereafter.

THE San Antonio, Tex., Express asks what will be the status of Americans who transferred their allegiance to Maximilian, provided we have war with Mexico. They would fight against Mexico, because they preferred an empire to a republic, believing Maximilian's government "the best on the continent."—[Alta California.

This seems to have "reference to allusions," Mr. Barclay Henley, the Mexican representative in Congress, is the party meant by the Alta. The Alta keeps a knife, and occasionally runs it into Señor Don Henley, and twists the weapon around.

THE Galt Gazette calls upon the Native Sons and Pioneers to stand by ex-Assemblyman Frank D. Ryan, of Sacramento, for the nomination for Secretary of State. It says: "He has represented this county in the Legislature with disting uished honor to himself and credit to his constituency. He is the peer of any we have heard mentioned for the place and has always been a fervent Republican." James A. Orr, of Plumas, continues to express confidence in his ability to get away with the Secretary of State's baggage; and Walter Moore, of Los Angeles, is of a similar opinion as to himself.

THE San Francisco Post has a reporter's batch of political gossip, subheaded "How Delegations Lean," in the course of which it says:

"Semi-official announcements have been made that Shasta and Trinity will stand by ex-Collector Chancellor Hartson, of Napa, who will, without doubt, secure his own county and several of the neighboring counties. John F. Swift's friends claim that he has been promised the support of Monterey, Calaveras, Tulare, Inyo, Mono, Alpine, Modoc and Del Norte counties with thirty-one delegates, while they assert that his chances are good for corralling the delegations from Humboldt, Santa Cruz, Lake, Santa Barbara, Mendocino, Merced and Fresno."

These claims are denied by the Dimond men, who profess to think that he will sweep the field and likewise the fence-corners thereof. The reporter reports as to Dimond:

"Los Angeles is said to be strongly in his favor to the tune of twenty-three votes, backed by Kern and other southern counties."

It would be interesting to know where this "knowledgeous" reporter got his alleged information about Los Angeles. The Swift men and the Hartson men in our delegation may possibly object to helping to swell Dimond's vote to twenty-three.

Southern Pacific Cuts Rates to New Orleans,

AND BEGINS ANOTHER RAILWAY WAR.

The Senate Pigeon-holes Terry's Charges Against Morrison and Sharpstein—Adjournment of the Legislature.

Associated Press Dispatches to the Times.

SAN FRANCISCO, Aug. 12.—The Southern Pacific Company have made a rate of $35 to New Orleans, which is $7.50 cheaper than the rate of the other overland roads to St. Louis. This has caused much feeling on the part of the other roads, and they have asked the Southern Pacific Company to increase the rate to equal that made by them to St. Louis. It is believed that this may open another general war of rates.

THE DASHAWAY FUNDS.

Judge Reardon to-day decided the case of Charles Ashton vs. the Dashaway Association and forty-eight individual defendants. The action was brought to recover $72,000 distributed among the defendants as members of the Dashaway Association. The Judge, in rendering his decision in favor of the defendants, said that the members had a legal right to divide the association's property.

THE VISITING JOURNALISTS.

Gen. Howard to-day placed at the disposal of the Nebraska Press Association, now visiting here, the steam yacht General McPherson, which conveyed the excursionists about the bay, touching at different points and going a short distance out into the ocean. On return the military prison at Alcatraz was visited, and also Black Point, where Gen. Howard received the members of the press and their wives.

WAGES RAISED.

The Sutter Street Railroad Company has raised the wages of all its conductors and gripmen from $2 a day to $2.25.

AN EARTHQUAKE.

An earthquake was felt here at 4:16 o'clock, this afternoon. The vibrations were from east to west, and of three seconds' duration.

LEGISLATIVE PROCEEDINGS.

Senate.

SACRAMENTO, Aug. 12.—The Senate met at 11 o'clock.

Mr. Chandler presented a resolution passed by the Wheatland Grange declaring for State control of water and against monopoly, whether individual or corporate.

Mr. Del Valle moved to make the report of the Judiciary Committee, relative to the appointment of a committee to investigate the physical condition of Justices Morrison and Sharpstein the special order for Wednesday next.

Mr. Kellogg offered a resolution as follows:

"That no further proceedings be had under the charges presented by D. S. Terry."

A long debate ensued between Messrs. McClure and Kellogg relative to the position of the Judiciary Committee's report before the Senate, and whether or not the resolution was in order.

Mr. Cross finally cut the discussion short by moving that the report of the committee, the resolution and the whole matter be indefinitely postponed.

This motion was unanimously carried.

Mr. Low moved to adjourn until Monday at 2 o'clock.

Carried.

Assembly.

SACRAMENTO, Aug. 12—The Assembly convened at 10 a. m.

The committee substitute for Mr. Yule's constitutional amendment was read for a second time.

Mr. Munday offered an amendment changing the title so that it could be construed as a concurrent resolution. Adopted.

Mr. Munday moved that the matter be made the special order for Monday at 2.30 p. m.

The motion was carried by a vote of 40 to 23.

The Irrigation Committee reported back all bills before it without recommendation.

The Committee on the Investigation of the charges of Terry against the Supreme Justices submitted an amended bill of expenses giving the expenses in detail. The original bill yesterday was $1120 20 and the amount ordered paid $696 20.

Mr. May moved that when the House adjourn it adjourn until 2 p. m. Monday. Carried.

Adjourned.

Horrible Chinese Tragedy.

EVANSTON, Wy. T., Aug. 12.—A Chinese murder of the most horrible character has been discovered here by the Sheriff. Two Chinamen are charged with murdering a Chinese woman and chopping her remains in pieces. The Celestials were taken by the Sheriff to Green river and held for trial. The murderers are said to have been jealous of the attentions a white man was paying the woman.

Yreka's Chinese Will Go.

YREKA, Cal., Aug. 12.—The citizens' meeting this evening heard the report of their committee. By mutual agreement, the Chinese move outside the town, but within the corporate limits. The place will be decided by three men on the part of the citizens and three on the part of the Chinese. The Chinese laundries are also willing to move out to the new Chinatown.

Fire at Yreka.

YREKA, Cal., Aug. 12.—A fire broke out in the Chinese quarters last night and destroyed two blocks of Chinese stores and rookeries, a wash-house and granary, a carriage, paint shop, and four residences and a number of barns. Five Chinese children perished in the flames. The loss will probably reach $50,000 with small insurance.

Election of Directors.

PORTLAND, Or., Aug. 12.—The Oregon Railway and Navigation Company this afternoon re-elected the old board of directors, with the following exceptions: Colgate Hoyt, of New York, was chosen in the place of Brayton Ives, of New York, and D. P. Thompson, of Portland, vice W. M. Ladd, of Portland.

Uniform Rank, K. of P.

SANTA CRUZ, Aug. 12.—The annual meeting of the California Brigade, Uniform rank, Knights of Pythias, was held in this city, last evening. Thirty-one officers were present. Col. H. Shaffner was elected Brigadier-General, and J. C. Lohmeyer Colonel of the First Regiment. It was decided to create the divisions in Southern California into a Third Brigade.

Another Pioneer Gone.

SANTA BARBARA, Aug. 12.—Christopher C. Rynerson, a pioneer, died here last night, aged 78. He was elected Sheriff of San Joaquin county in 1866 and 1867, declining a nomination for the next term. He has been a member of the Common Council and Board of Supervisors in this county. He leaves a wife, son and daughter.

Pugilism.

NEW YORK, Aug. 12.—The great three-round set-to between John McKenna, of New York, and Billy Costello, of California, came off to-night at New Brighton, Staten Island. It was a lively fight, but McKenna proved stronger, although Costello displayed great skill. The final round was very exciting, and was carefully watched by the police. It resulted in a victory for McKenna.

SILVER.

How the Bankers Regard the Standard Dollar.

BOSTON, Aug. 12.—Horticultural Hall was well filled with delegates when the second day's session of the annual convention of the National Association of American Bankers was called to order. Mr. Murray, of New York, was elected President.

A communication was received from United States Treasurer Jordan, which showed that the number of silver dollars coined to June 30, 1885, was $233,723,286, the estimated value of subsidiary silver, $70,000,000; total, $303,723,286; the value of the silver in the standard dollar at to-day's (August 10) price is 71.21 cents, while subsidiary silver is valued at 66.61 cents. Exclusive of abrasion, the present value of silver coinage is $213,061,352.

The Executive Council submitted the following report:

"The American Bankers' Association emphatically gives warning of impending danger to the whole country in the continued coinage of silver dollars under the act of 1878. While we fully recognize that both silver and gold are required as the money of the land, we believe that neither should be coined at such rate that the other shall be driven out of general use. We repudiate the idea, so often maintained, that banks and bankers oppose the continued coinage of silver dollars on account of self-interest, but, on the contrary, we assert that we have no special interest in one kind of coin more than in another, as long as each discharges its legitimate purpose as money. We believe that all persons having limited means, and particularly the earners of wages, will most largely suffer when the threatened evils shall come. We, therefore, earnestly appeal to all Boards of Trade, Chambers of Commerce and civil and political associations of every kind to make persistent efforts to secure the repeal of the law and the suspension of the coinage of such silver dollars."

The report was unanimously adopted.

An additional resolution was adopted reaffirming the resolutions adopted by the convention last year, and further providing that it be strongly urged that the coinage of silver be suspended, and that continued effort be made to secure an international uniform basis of value between gold and silver.

The resolutions offered yesterday in behalf of silver by Mr. Horton, of Ohio, were adopted, and a committee appointed to take the matter in charge. The convention then adjourned *sine die*.

POLITICAL.

Delegates who Favor the Abkoond of Swat.

SAN BUENAVENTURA, Aug. 12.—Democratic primaries were held to-day. J. Marion Brooks, Wash. Woodberry, F. Hartman, T. B. Steepleton, N. Hearne, Joe J. Salsido, N. Vickers and John F. Mitchell are elected so far. The delegation favors George Hearst for Governor and Joseph D. Lynch, editor of the Los Angeles Herald, for Congress, Cleveland's administration will be indorsed.

THE LONE STAR DEMOCRACY.

GALVESTON, Aug.—At the meeting of the Democratic convention to-day, the Committee on Platform and Resolutions reported a platform which, after an exciting discussion between the free-grass and lease-land elements, was adopted. The platform upholds the administration of the President, favors an amendment to the judiciary article of the State Constitution, favors the best system of education for white and colored children separately, but by the State, not by a National system; and favors international improvements and development of manufacturing interests; declares that the members of the party may have what views they choose on local option without forfeiting their rights to be known as Democrats; and lastly, declares it to be the duty of the Government to protect the humblest American citizen against the unlawful acts of any or all nations.

The balloting for Governor resulted in the choice of Gen. L. C. Ross, whose nomination was made unanimous.

NOMINATED.

NASHVILLE, Aug. 12.—Robert L. Taylor was nominated as the Democratic candidate for Governor.

WASHINGTON.

A Noted Land Case Not to Be Reopened.

WASHINGTON, Aug. 12. — Secretary Lamar has refused to open up the complicated questions connected with the Mexican grant by Gov. Pio Pico to Jose Dominguez, in Santa Barbara county, known as the Rancho la Prieta Naglayegua. The original grant in 1845 embraced 208 742acres. It was never submitted for confirmation in proper way, and Congress in 1866 confirmed eleven leagues or about 65,000 acres. This confirmation secured the land to Eugene L. Sullivan, who claimed to be its owner. Now Mrs. Susan G. Huz comes forward and claims entire ownership, and asks for a new survey. Lamar decides that he could open the matter, but he will not, there being insufficient ground for it.

ANOTHER CALL FOR BONDS.

Acting Secretary Fairchild, this afternoon, issued the hundred and fortieth call for the redemption of bonds. The call is for $10,000,000 of the three per cent. loan of 1882, and notice is given that the principal and accrued interest interest on the bonds will be paid at the treasury on the fifteenth day of September, 1886, and that interest on said bonds will cease on that day.

THE BODIE LAND OFFICE.

The President, to-day, issued an order removing the land office at Bodie, Cal., to Independence.

Four Men Drowned.

BOSTON, Aug. 12.—The schooner Arizona capsized in the harbor to-night, and four of the five men composing the crew were drowned.

An Arizona Opinion of Ex-Senator Hearst, Past and Present.

Daily Tombstone, Aug. 5th.]

Senator Hearst, whom Gov. Stoneman, of California, appointed a few months since to succeed the late Gen. Miller in the United States Senate, has been deposed, and A. P. Williams, Chairman of the Republican State Central Committee of California, elected in his stead. The Legislature of that State have done a wise thing in thus deposing Hearst, as he was the laughing stock of Washington, and caused a flush of shame to mount the temples of every Pacific coaster who had occasion to visit Washington. Senator Hearst, however, is very wealthy, and owns the San Francisco Examiner; he is also a very vindictive man, and will, in all probability, return to California and make it warm for the Stoneman faction in that State, thereby giving the Republican party a clean sweep next fall.

A Cold Deck.

Boston Herald.]

The other day a very young woman in black, with a mourning veil—not too mourning, just about enough mourning—so draped as to set off her shapely head and neck to advantage, entered a large stationery store, on Washington street, and said, sweetly, to a clerk behind the counter:

"Do you have all kinds of mourning cards?"

"Yes'm; we have the cards, and can get them engraved for you."

"Oh, I don't want the kind they get engraved—I want playing cards, you know."

"Mourning play cards?"

"Why, yes; don't you think they would be real nice and tasty?"

The clerk was obliged to confess that the trade hadn't yet reached the point of supplying playing cards with mourning borders for bereaved lovers of whist and draw poker, and the lady left the store visibly disappointed.

Lord Churchill Bobs Up as a Reformer,

AND PROPOSES UNIVERSAL HOME RULE.

Pleasant Old Emperor William Entertains Some Americans—Britons Seeking Territory in the South Pacific.

Associated Press Dispatches to The Times.

DUBLIN, Aug. 12.—The Irish Times, Conservative, states that it is reliably informed that Lord Randolph Churchill is engaged in drafting a bill intended to solve the Irish question. The skeleton of the measure is already done, the paper says, and it provides for universal local self-government throughout Great Britain and Ireland, giving Ireland, England, Scotland and Wales control each of its immediate affairs, leaving the supreme power of the Imperial Parliament undiminished. The bill is described as a measure which opens the door to an Imperial federation. The full text of the bill, the paper says, will not be completed before next February. "But," adds the paper, "so far as it has gone it has been submitted to the Marquis of Salisbury, the Marquis of Hartington and others, and is broad enough to satisfy all moderate Irishmen."

PLEASANT OLD EMPEROR WILLIAM.

NEW YORK, Aug. 12.—The Tribune to-morrow will publish a special from Salzburg, as follows: Emperor William of Germany arrived at Salzburg, to-day, on his way from the meeting at Gastein, to Berlin. The journey of four hours in a carriage to the station and three hours travel by rail, with the mercury at 90 degrees, told on his ninety years, and he appeared feeble. The American guests of the hotel here sent flowers to him with expressions of respect. On leaving Salzburg he requested the Americans to assemble in the large hotel hall, where he shook hands cordially with each man, woman and child, and spoke to them all in German. His grandson, Prince William, son of the Crown Prince, translating his remarks, said: "The Emperor thanks the Americans for their courtesy, and expresses his profound admiration for the American people."

Chauncey M. Depew answered: "Three million Germans in America are among our best citizens, but what they give to us is but nothing from their love for the Fatherland. They have taught to fifty million Americans the deepest esteem and veneration for their Emperor and the great people he so wisely governs."

The Prince expressed for the Emperor renewed thanks for these cordial sentiments. The Emperor took the Americans' basket of flowers with him in his car.

A PROTECTORATE PROCLAIMED.

LONDON, Aug. 12.—England has proclaimed a protectorate over Ellice Island, in the South Pacific ocean.

ANTI-JEWISH RIOTS.

LONDON, Aug. 12.—Anti-Jewish riots have occurred in the provinces of Kieff, Russia. The houses of many Jews were wrecked.

A TOWN DESTROYED.

VIENNA, Aug. 12.—The Hungarian town of Sillen has been destroyed by fire. The property burned includes 400 houses, a church, nunnery and school. The loss is $150,000.

The Wisconsin Fire Sufferers.

MILWAUKEE, Wis., Aug. 12.—The forest fires in Northern Wisconsin are dying out, the material on which to feed having become exhausted. The vicinity of Green Bay is alone subject to danger, but only in the event of high winds. There is much suffering in the deserted region. Homeless people are sleeping on the ground with scarcely any covering. Many people barely escaped with their lives, and are wandering around with insufficient clothing. Public meetings are being called in various parts of the State to provide immediate relief for the sufferers in the way of food and clothing.

A Horrible Suspicion.

BOSTON, Aug 12.—It is understood that the Somerville police have information of the suspicious deaths of at least eleven persons directly or indirectly related to Mrs. Sarah Jane Robinson, who is under arrest. The dead persons were insured in a benefit organization and the money in most cases fell into this woman's hands.

Money Rates in New York.

NEW YORK, Aug. 12.—The banks and trust companies state that they are loaning all their money at 6 per cent. It is stated to-day that $10,000 was borrowed at call at 40 per cent. and not taken up by the borrower. He simply paid the interest at that rate for one day and did not call for the money.

WORCESTER, Mass., Aug. 12.—Hanlan rowed three miles with a turn, on Lake Quinsigamond to-day, in 19 minutes and 23 seconds, beating all his previous records.

RAILROAD WAR.

Jayhawker Knifing the Passenger Agents' Association.

Our friend "Jayhawker" (J. H. Woodard) seems to be inserting his knife between other than political ribs. The San Francisco Post of Wednesday says:

A very stormy meeting of the Passenger Agents' Association was held, yesterday afternoon, at the Palace Hotel, to consider the withdrawals of Peter Harvey of the Baltimore and Ohio and J. H. Woodard of the Wabash. On calling the roll, it was discovered that J. L. Truslow, of the Atchison, Topeka and Santa Fé was absent, and W. A. Bissell, of the Atlantic and Pacific, though present, failed to respond. He said that, according to Article XII of the agreement, a meeting should have been called on the 7th inst. to consider the notice of withdrawal given ten days previously by Peter Harvey of the Baltimore and Ohio, and, as a meeting was not called on that date, Mr. Harvey was no longer a member of the association, and, therefore, the association was no longer in existence. The presiding officer, J. C. Stubbs, sustained Mr. Bissell's opinion, and admitted that the association had collapsed.

An animated discussion followed, in which it was proposed that the members should reunite and form a new association, but this was prevented by Mr. Woodard, of the Wabash, who stated that he would never join the association. If they prevented him from paying street commissions. Thus the association will not tolerate, and as Mr. Woodard remains firm in the matter, the association is not reorganized. The agents of all Iowa roads are communicating with their head offices in order to have them force Woodard into the organization, and thus avert another war of rates. It is hardly possible that this will be effected, as the Wabash road prefers to run trains to carry 100 passengers at $5 than to carry ten passengers at $12.50 as they are now doing. There is a disposition on the part of the majority of the organization to hold together, but if Mr. Woodard follows the course he has taken, it will be impossible and a cut of $1 on the Wabash road will probably be met by a reduction of double the amount on the other lines.

THE TURF.

A Great Day at Monmouth Park—The Favorites Beaten.

MONMOUTH PARK, Aug. 12—The attendance to-day was one of the largest of the present season, the attraction being the race for the Omnibus stakes for $10,000 for three-year-olds for which some of the leading horses of first-class stables were entered, numbering in all 158 entries of which only nine came to the post. The victory was forecast for Dwyer Bros.' $19,000 filly Dewdrop, but those who witnessed her race on Tuesday last with Preciosa whom she only beat by a short neck felt that the filly would hardly be able to stand the contest that would be made by J. Cosett's bay colt, The Bard. These prognostications were fully verified by the race as The Bard finished winner by four lengths with the greatest ease. The scene at the close of the race was one of wildest excitement. Hats were flung in the air and ladies waived their handkerchiefs and called on McLaughlin who rode Dewdrop to win, but Hayward had the winning bridle rein, and the filly was beaten. It was a very unfortunate day for favorites, as not a single one won. The Bard and Dewdrop meet again on Tuesday next. Betting before the race was 8 to 10 on Dewdrop, 25 to 1 against Winifred, 6 to 1 against Ben Ali, 20 to 1 against Preciosa, 3 to 1 against The Bard, 10 to 1 against Charity, 6 to 1 against Linden, 50 to 1 against Blue Day, 30 to 1 against Pure Rye and 15 to 1 against Mollie McCarthy's. Last: The lead at the start was taken by Winifred, with Charity second and Preciosa third. At the three-quarter pole Preciosa led, Winifred second, Blue Day third, and Linden moving close up. Passing the stand, Winifred again led, with Preciosa second and Blue Day third, and this was the order of running till well in the straight, when The Bard moved forward from the fifth place on the inside, with Dewdrop lapping him on the outside. Now came the struggle, and the two horses, amid the screams and cheers of the multitude, flew up the track, but Hayward allowed The Bard his head and moved in front, winning, with plenty of running power left, by four lengths.

First race, handicap, seven-eighths of a mile—Vallisia won by two lengths, Stonebuck second, Sutler third. Time 1:30.

Second race, selling purse, for two-year-olds, three-fourths of a mile—Maggie Mitchell won by a length, Freedom second, Trill third. Time 1:17.

Third race, Omnibus stakes for three-year-olds, one and one-half miles—The Bard won by four lengths, Dewdrop second, Ben Ali third. Time 2:39.

Fourth race, free handicap, one and three-sixteenth miles—Gonfallon won by a length; Peekskill, second; War Eagle, third. Time 2:05.

Fifth race, purse for three-year-olds and upwards, one mile—Lizzie Mack won by a neck; Queen Esther, second; Witch, third. Time 1:45.

Sixth race, purse, steeplechase over short course—Judge Griffith won by eight lengths; Endover, second; Will Davis, third. Time 3:10.

EVENTS AT CHICAGO.

CHICAGO, Aug. 12.—At Washington Park the weather was very warm, the track fast and the attendance large.

Three-quarters of a mile—Duality won, Modesty second, Fred Wooley third.—Time 1.15½. Mutuals, $95.

One and one-eighth miles—King of Norfolk won, Vic second, Wahoo third. Time 1:58. Mutuals, $22.10.

Quickstep stakes, one-half mile—Foster won; Hinda second; Vera third. Time, 0:48¾. Mutuals, $28.20.

One and one-sixth miles—Little Joe won; Warrenton second; War Sign third. Time, 1:48½. Mutuals, $11.90.

One and one-quarter miles—Lizzie Dwyer won; Waukesha second; Leman third. Time, 2:12¾. Mutuals, $6.20.

RACING AT SARATOGA.

SARATOGA, Aug. 12.—The weather today was sultry and threatening, the track fast, and the attendance large.

First race, purse, one mile—Mona won; Endurer second; Sam Brown third. Time, 1:44. Mutuals, $41.30.

Second race, purse, for two-year-olds, three-fourths of a mile—Connemara won; Bessie June second; Nellie B. third. Time, 1:15½. Mutuals, $14 90.

One and one-half miles—Inspector B. won; Solid Silver second; O'Fallon third. Time, 2:42¾. Mutuals, $950.

Fourth race, purse, one and one-fourth miles—Elkwood won; Barnum second; Swift third. Time, 2:11. Mutuals, $7,170.

Fifth race, selling purse, three-quarters of a mile Little Minch won; Patroclus second: Brait third. Time, 1:16¼. Mutuals, $14 20.

San Pedro News.

Three British vessels have arrived within a week at San Pedro. They are the ship Eurasia, from Sidney, the ship McDuff, and the bark Cooleen, from Newcastle, South Wales. Their total cargo amounts to over 4000 tons coal. With these three ships there are nine deep-sea colliers at the roads. There are also 13 lumber-laden vessels from the Sound ports in the inner harbor. It is expected that the new Collector of the Port, George Hinds, will take charge on the 1st of September. The whole burned block has been rebuilt with the exception of the Phillips Store, which is to be in brick, and will therefore consume more time in its erection. At Timms Point there are about sixty people enjoying the bathing. The houses are all full and the surplus of the bathers camp in tents.

The Raid on the Tan.

Constables Manville and Barretto pulled a game at Santa Monica on Wednesday night, in which six heathens were engaged in the intricacies of fan tan. Two of the gamesters succeeded in flying by the back door, but the four others were arrested. The implements of the game and $11 in hard cash were the spoils gathered in. Justice Twichell yesterday fined the four Ah's $10 apiece, which they paid.

Orphans' Home Donations.

Last week E. Sorabjee donated a lot on Amelia street to the Orphan's Home; and this week Dan McFarland has given a lot on Washington street in the Bonita tract. The ladies of the management believe there may be others who would be pleased to make like donations and so contribute towards the fund for enlarging the grounds and buildings of this worthy institution.

The Robber Siren.

The case of the People vs. Nellis Filmore came up yesterday before Judge Cheney in the Superior Court. The District Attorney moved to have the case continued owing to the absence of Alexander, the prosecuting witness. This motion was denied and a jury was impaneled. Several witnesses on the part of the prosecution were heard, and the case went over till this morning at 9 o'clock.

Robbed by Thugs.

A drummer for a San Francisco cigar house, while mosying along Spring street between the Postoffice and the Fountain saloon, between 11 and 12 o'clock Tuesday night, was knocked down and robbed of $30 by two thugs. He had to go away at once, and made no attempts to have the robbers caught. He refused to give his name.

A Sad Blow.

The sad news reached here yesterday that Miss Grace Cochran died in Kansas City Wednesday night, of typhoid fever. She was the bright and lovely fifteen-year-old daughter of Dr. W. G. Cochran, who was called East a few days ago by her sudden sickness. He leaves Kansas City for Los Angeles this morning, with the remains.

Heard From.

The Los Angeles Base Ball Club seems to be involved in a haze of doubt up north. No one has seemed to know just where they were. A dispatch from Sacramento, last night, states that the Sacramento Altas defeated them, yesterday, by a score of 7 to 2. That's a good game, anyhow.

Editor Cutting Again Before the Mexican Court.

JACKSON'S RESIGNATION CONFIRMED.

Gen. Sickles Thinks Diaz is Playing a Shrewd Game—Comments at the Mexican Capital.

Associated Press Dispatches to The Times.

EL PASO, TEX., Aug. 12.—Cutting was again taken from his prison to-day and dragged before Judge Castaneda's court. He was merely told that the appeal taken in his case, by the lawyer who had been appointed for him, would be tried by the Supreme Court of the State of Chihuahua in a few days, and he was asked if he desired to have an attorney to take care of his interests before that court. He replied, as he has always done before, that he did not recognize the jurisdiction of any Chihuahua court, and that he left his case entirely in the hands of the American Government. He was thereupon taken back to prison.

The Chihuahua authorities continue to ignore entirely the diplomatic entanglements resulting from this case.

A NEW LAREDO REPORT DENIED.

ST. LOUIS, Aug. 13.—A dispatch from New Laredo, Mexico, says: The report sent out from here several days ago stating that 400 fresh Mexican troops had arrived here and that an artillery company had planted guns so as to bear on Fort McIntosh, on the Texas side of the river, is false. No troops have arrived here within a month. There are only 200 soldiers here and there has not been a cannon of any description in New Laredo in three years.

AN ENGLISH OPINION.

LONDON, Aug. 12.—The Times, speaking of the Cutting case, says:

"The chief difficulty in the way of a settlement of the matter lies in Cutting's appeal to the angry passions of the Texans and the desire of dormant raiders on both sides of the frontier for an outbreak, which would result in the restoration of the contraband trade. President Diaz of Mexico can have no wish for a collision with his powerful neighbor, and he must be well aware that there are enemies of Mexico on both sides of the frontier who are clamoring for war. Mexico has been surprisingly reasonable in dealing with Cutting, considering the provocation he gave, and, although Secretary Bayard has been a little too exacting, the action of the President and Senate is all that could be desired. In that action lies the assurance of peace."

DIAZ SAID TO BE UNPOPULAR.

ST. LOUIS, Aug. 12. — The Globe-Democrat's correspondent at Brownsville, Texas, says: "In an interview to-day Gen. Ignacio Martinez, director of El Mundo, the revolutionary organ, published here, said that there is much dissatisfaction in Mexico, especially in Nuevo Leon and other border States, and that he expects that within two months the country will be in arms against Diaz, as every day his government grows more unpopular among the masses, and at an early day there must be a new regime in Mexico.

Private advises from up the country state that the revolutionists have captured and hold Morelcos. The despatch also says that a prominent lawyer from the City of Mexico is in Brownsville to secure the extradition of Martines, in view of the attitude of the United States in the Cutting affair, and that Martinez expresses the opinion that he may succeed.

TALK AT THE MEXICAN CAPITAL.

CITY OF MEXICO, Aug. 12.—The discussion of the Cutting case goes on in the press and among lawyers whom it interests because of the important questions raised, but there is no heat in the discussion. The better class of people hope that the two governments will settle the matter either by a mutually friendly adjustment or through an equally friendly arbitration. An interesting question is propounded by a learned lawyer, here who asks if Cutting be guilty of libel on both sides of the river why cannot the appellate court of the State of Chihuahua locate the judgment for the crime on the Mexican and not on the American side, thus relieving the case of its international character.

MINISTER JACKSON'S RESIGNATION!

The resignation of Gen. Jackson, United States Minister, is said to be positive, and general regret is expressed by resident Americans. The Minister has won the warm approval of all classes by his dignified and prudent course.

SANTA ANNA'S OLD TRICK.

Is Mexico Only Seeking to Sell Her Surplus Lands?

NEW YORK, Aug. 12.—General Daniel Sickles, speaking about the Cutting muddle, yesterday, said: "In comparison with the United States Mexico is a feeble power, and very much inferior in military, naval and financial resources. California and Texas, unaided, would conquer her. My solution is that she would like to repeat the maneuver of Santa Anna in 1846. Mexico knows if we take a slice of Chihuahua, Sonora and Lower California we would take territory valuable to us and valueless to Mexico, and that we might do now as we did in 1846—pay Mexico handsomely for the territory. Public opinion in Mexico would not permit their government to sell this territory by any peaceable transaction of treaty. If a conflict is provoked by Mexicans, and we help ourselves to such parts of their territory as we may want, we could well afford to pay a good round sum—twenty or thirty or even forty million dollars. Such a replenishment of the Mexican treasury at this time would enable Gen. Diaz and his government to go on very handsomely during the rest of his term of office. Mexico has not the means to pay her army or her civil service, and must sell land. Peaceably, this would be impossible. A mob would hang Diaz and his Cabinet in the streets of the capital if they sold national territory, but if thirty millions or more of gold can be drawn into the Mexican treasury from the United States after a campaign or two in which we would take possession of Chihuahua, Sonora and Lower California, Mexico would accept the situation as she has done once before."

Virgil in His Element.

Virg. Earp of Colton, ex-desperado of Arizona, feels happy. The Colton Semi-Tropic says: We call the attention of all the martially-inclined to the notice published in to-day's paper by V. W. Earp asking for volunteers for a cavalry company, to go to fight Mexico in the event war is declared against that country. If war is declared by the United States, a cavalry company of volunteers, all drilled and equipped, would soon be sent into action. Mr. Earp will take the names of all who feel like enlisting, and have the list ready in the case of an emergency.

He Wanted to Come to Los Angeles.

San Francisco Post, Aug. 10.]

The steamer Santa Rosa left for Los Angeles yesterday afternoon, crowded with Grand Army people. Just as the vessel was casting off, a veteran rushed wildly down the wharf and throwing his baggage on board the steamer, made preparations to follow it. Two bystanders restrained him, knowing that he would fall into the water in making the attempt. His wrath knew no bounds, and he was with difficulty prevented from thrashing his preservers.

AMUSEMENTS.

THE MINSTRELS LAST NIGHT.—If popularity might be taken as a test of merit, then is a minstrel show the best of exhibitions, for to nothing else does a Los Angeles audience so quickly respond as to the advertisement of a colored minstrel troupe. And yet, like those pious people who go to a circus just to let the children see the animals, and would not for the world have it thought that they cared for the antics of the ring, so there are people who regularly run down the old-time minstrelsy, declare that the jokes are stale and the business timeworn, and yet those same people are never missing at the first performance of the kind that comes along. They were present last night in force, and half the town besides; for the Opera House, especially in the gallery, was jammed full, and the darkies were listened to and applauded with a zest and vigor that left no doubt as to the earnestness of the demonstration. The troupe on this occasion is called "I. W. Baird's Mammoth Minstrels." Exactly where the "mammoth" comes in does not appear, but of the kind it is a good entertainment, has plenty of variety, and is pushed through without any waits from the rise of the curtain to its fall. Some well-worn witticisms appear as might be expected and there are some coarse references to things which some people hold sacred, which could easily be left out without diminishing the humor of the performance. Among the musical specialties introduced the band bell ringers were quite the most pleasing and made very sweet music. The entertainment as a whole was well received. The troupe appear again to-night, when they promise an entire change of programme. To-morrow night will be their last appearance.

A GENERAL SPILL.

Runaway Horses—A Small Boy's Luck and Pluck.

At 5:15 yesterday afternoon, as the Santa Monica train was ready to pull out from the new depot, two horses attached to A. H. Judson's new farm wagon, without a body, became unmanageable and ran away. The driver, F. M. Cummings, an elderly man, held on to the lines with his whole strength, but the horses were beyond his control, and in attempting to rein them in, he fell backwards over the beam and the hind axle, with his head hanging down. Beside him sat the little four-year-old son of Mr. Judson. He had lost his hat and sat quietly looking on. When the horses reached the corner of Chavez street one of them tried to whirl into it, but the other ran right into the lamp post in front of Jake Gberkins' saloon, where he fell and in a moment horses, wagon, and human beings were an indescribable mass. The little boy was unhurt and when picked out of the ruin, ran off to hunt his hat. Mr. Cummings was hurt in the back, but not seriously. The horse that ran into the lamp post was but slightly hurt, and the other one not at all. The wagon was completely wrecked.

WEINSHANK'S STORY.

How He Came to Imbibe Some Horse Medicine.

The family of Frank A. Weinshank explain the poisoning case as follows:

"Mr. Weinshank took, as he supposed, his ordinary dose of medicine, having been ill for the past week, and, tasting the difference, he at once called his sister to bring a light to examine the medicine, and found it to be a bottle of medicine that had been in the house since Christmas, and was then bought for a sick horse; his medicine, with other things, having been changed from its place to accommodate house-cleaning. Not knowing what the effect would be, a physician was called, but he said there was no cause for alarm, as the medicine taken was not dangerous."

LOS VAQUEROS.

Spanish Sports for the British Benevolent Society.

There will be a grand exhibition of Spanish sports by trained vaqueros at Agricultural Park Monday, commencing at 3½ p. m., under the management of Don Marcos Foster. It promises to be an interesting occasion. There will be lassoing of wild cattle, bareback riding of the steer, riding unbroken broncos, taking the sack of money from the horns of a wild and savage bull by men on foot, and the evolutions of trained horses, without riders, holding

AN attempt will be made in the Los Angeles delegation to the State Convention to carry the delegation in a solid body in a certain direction for Governor, to-wit., in the direction of the Dimond field. The scheme attempted will be to first commit the delegation, by resolution, to vote as a unit. Then, having by their own act bound themselves hand and foot, the delegates will be polled—*care having first been secretly taken by the manipulators to see that their man has a majority secured in advance*—when, lo! the little joker will appear, with an oily smile on his smirking countenance, and the thing will have been done! Always provided, however, that the delegates are verdant enough to fall into the trap already set for them. But they will not do it. The friends of Swift and Hartson are on the alert.

WILL there be war with Mexico? The San Francisco Chronicle seems to think that the danger has by no means passed, and thus sums up a thoughtful article:

"The [Mexican] Federal Government is powerless to control the authorities of Chihuahua, who, in turn, are powerless to resist the demands of the ignorant mob in the frontier towns. It is quite on the cards that Cutting may be sent for a term of months, or years, to a prison at Chihuahua, for an act which Americans will never admit was an offense punishable by Mexican law. We forbear to dwell upon the probable consequences. They must be as obvious to the Mexican as to the American mind. Mr. Romero may try to smooth over matters by assuring the Cabinet of the friendly and conciliatory spirit of Mexico; Mr. Bayard may be satisfied with suave phrases of civility; the President may do his best to adjust matters amicably, but if Cutting goes to jail at Chihuahua a whirlwind may spring up which will sweep everything before it, and which neither President nor Cabinet will be able to resist for an hour."

THE Alta California says: "There is a doubt that the convention system has tended to the elevation of local politics. In the days when all who wanted to run for office did so, there was a better chance for personal merit to win and less for intrigue." The convention system, however, being in vogue, it becomes doubly the duty and the interest of the people to elect honest, intelligent and self-reliant delegates, who will not weakly permit themselves to be manipulated by the bosses. A delegate who obediently follows the lead of a boss, like a sheep following the bell wether, deserves the contempt, not the commendation, of his constituents and fellows.

IT is definitely and authoritatively ascertained that General Dimond, aspirant for the Republican gubernatorial nomination, has been compelled to let it be known in Los Angeles that his self-appointed "political agent," Mr. Boss, has no authority to act; no right to attempt to "run things" in General Dimond's name; and consequently there is no authority for claiming that he (Boss) carries in his pocket the entire Los Angeles delegation, to be handed over to Dimond at a convenient time. It is a preposterous and impudent claim anyhow, and will be resented by every independent and self-respecting member of the delegation.

ACCORDING to the county school census for 1886, there are in the county 16,615 children of school age. It is a usual and moderate computation to multiply by five the number of children of school age, to arrive at the total population. According to this basis, Los Angeles county has a present population of 83,075, as against 10,000 in 1866; 33,381 in 1880, and about 70,000 in 1885.

MR. JAY GOULD called upon Mr. James G. Blaine the other day in Bar Harbor, Me. How is it that our vigilant colleagues of the Democratic press do not see in the visit a conspiracy to overthrow the Democratic party in 1888?

THERE are in Los Angeles county 23,653 children under seventeen years of age—not counting those who have been ushered into existence since the census-marshal finished his labors. It is a glorious climate.

THE summaries from the annual report of the County Superintendent of Schools, on the second page, present many interesting figures. The public schools are growing and prospering.

THE IRRIGATION VICTORY.

How the Fight in the Assembly was Finished—Hazard's Bad Break.

In the Assembly, on the 10th, the special order of the day, consideration of the measure repealing section 1422, arriving, the fight for irrigation opened once more.

The question then came on Walrath's amendment, which read as follows:

"1422. Nothing in the foregoing sections shall in any manner be construed to interfere with a proprietor's natural right, which shall be construed to be: Water for family and domestic purposes, for the purpose of watering live stock, and water for irrigation purposes, to such an extent as shall have been appropriated and used up to the time of the passage of this act."

Jones of Sacramento arrayed himself on the side of the riparianists. He favored Walrath's amendment, but was satisfied that it would be defeated. For ten minutes the infantile lawyer flung scorching rhetoric charging the appropriators with being robbers, etc.

Hazard of Los Angeles claimed the floor and succeeded in making a decided sensation. He challenged Walrath and Jones to put in the words "riparian owner" instead of "proprietor."

It was a palpable bluff, and Walrath promptly sprang to his feet and accepted the amendment. A scene of excitement ensued. The irrigation phalanx was paralyzed at the terrible break made by one of their recognized leaders and could not understand fully what was in the air.

Mr. May, of San Francisco, secured the floor and somewhat stayed the tide by assuring Mr. Hazard that his suggestion was fatal to irrigation.

Mr. Hazard, however, stood by his challenge and sent up the proposed amendment.

Mr. Munday, of Sonoma, in a short speech, said that the Los Angeles member had put his foot in it, and hoped that none of the other members would vote for the proposed amendment.

Mr. Weaver and Mr. Beard followed in the same strain.

A call of the house was moved. Deeming the motion to be for delay, the Assembly voted it down by 42 ayes to 26 noes.

The motion then came on the adoption of Walrath's amendment with Hazard's suggestion incorporated.

The roll was called and the amendment killed by a vote of 43 noes to 25 ayes. Hazard voted in the affirmative and Banbury and Edwards in the negative.

Mr. Firebaugh of San Francisco moved to strike out the enacting clause. Lost—11 ayes, 37 noes.

Mr. Davis of Sacramento introduced an amendment similar to the Walrath amendment, which was promptly ruled out of order by the Speaker.

Mr. Moffitt of Alameda moved the previous question, which was ordered by an overwhelming majority.

The bill was then ordered to be read a second time by the decisive vote of 58 ayes to 7 noes (seven members being absent).

The great victory for the people was greeted with intense enthusiasm, and, midst a scene of excitement, the House took a recess till 2 p. m.

AFTERNOON.

Assembly Constitutional amendment No. 7 was introduced by Mr. Edwards, of Los Angeles. It permits the Legislature to pass special legislation for irrigation purposes.

Mr. Walrath wished to amend by allowing legislation on all beneficial purposes.

Mr. Hazard, of Los Angeles, said that if the amendment was adopted the people would kill the amendment. He thought that this was what Mr. Walrath was working for.

Mr. May wanted the Spring Valley Water Company kept out of legislation.

Mr. Jones, of Sacramento, and Mr. Woodward, of San Joaquin, agreed with Mr. May.

The amendment was defeated by a vote of 13 ayes to 47 nays.

Edwards offered an amendment adding the words "Provided, however, that such laws having a local application shall not grant to any private corporation or individual any special or exclusive right, privilege or immunity." Adopted.

Roseberry attempted to insert the word "mining" purposes in connection with irrigation. Defeated.

The measure was then put upon its final passage and received the necessary two-thirds vote.

The amendment is to Section 25, Article IV of the Constitution, and as finally passed by the House reads:

"But nothing in this section shall prevent the Legislature from passing laws having local application regulating the division, distribution and use of water for irrigation *purposes and for the* construction and regulation of canals, ditches, and other works therefor, as may be required in any county or counties, or in any district created by law for that purpose; provided, however, that such laws having a local application shall not grant to any private corporation or individual any special or exclusive right, privilege or immunity."

Goucher's bill, No. 8, was next taken up and discussed for some time.

Walrath, McGlashan and Firebaugh attempted to insert several little jokers, but all were defeated, and the bill passed to engrossment and a third reading. It reads as follows:

Section 1. The water of every natural, innavigable stream within the State of California is the property of the public, and is dedicated to the use of the people of the State. Such water may be appropriated, diverted and used for irrigation, or other beneficial purposes. The right to divert unappropriated waters of any natural stream to such beneficial uses shall be regulated by law. Prior appropriations of water to any such purpose, whether heretofore or hereafter made, so long as applied to such *use or other beneficial purposes*, shall give the better right to the extent of the amount of water diverted and applied, and the right of appropriation shall be exercised under legislative regulations, *provided the navigation in navigable streams under the control of the United States shall not be impaired.* The English common law of riparian rights, so far as it conflicts with this act, shall not be recognized as a rule of decision in any of the courts of this State.

Section 2. All acts and parts of acts in conflict with this act are hereby repealed.

Section 3. This act shall take effect immediately.

The Holiness Humbug.

To the Editor of the Times—SIR: No sooner do we get rid of one humbug than close upon her heels follows, as we believe, one of the greatest impostors of modern times—the self-styled Dr. Truesdell, who sets himself up as the Soul-Healer, the Mind-Healer and the Body-Healer—all three combined in one. Let us notice his mode of operations: He comes to town, advertises himself as the great Soul-Healer, and announces that the lame walk, the deaf hear, the blind see, etc., and that he will give free lectures every Sunday and Tuesday. At these so-called lectures (which are nothing more or less than a further means of advertisement) he announces that he will give private lectures, which will each cost only the small sum of $5, or six lectures for $30. As an inducement for the public to attend, he tells them that after attending six of these lectures they too can become qualified to heal the sick and do all the wonderful things which he claims to do. How cheap the road to health, wealth and prosperity now seems! He also has an office where you may consult him or pay him $3 for rubbing the back of your neck. After a sojourn of some ten weeks in our city this great Soul-Healer finds himself in quite a prosperous condition, financially, with about twenty disciples (and still hankering for more) the majority of whom are women, to whom he gives what he calls a "Diploma." Let us notice this as we pass, and his form of giving the same. "All those who are entitled to a diploma come to the front"—[see the mark. Then he holds in his hand the so-called diploma and reads: "Christian Science Union" (naming date and place) this is to certify that Miss or Mrs. So-and-So has attended a full course of the lectures given by A. P. Truesdell. Signed by the president and secretary of the board.) How ridiculous! He does not endow them with any of the "power," nor does he ever acknowledge the thirty dollars. How sharp! When gamblers beat you out of your money you might recover it or lock them up or make them leave town; but this seems to be a hopeless case. I attended his tirade on the TIMES editor last Sunday (I will not call it a lecture) and heard him tell the story of the ring-worm which is so absurd and so silly that I will not repeat it, and which I believe to be a lie.

Our Saviour said: "Whether is it easier to say to the sick of the palsy, Thy sins be forgiven thee? or to say, Arise and take up thy bed and walk?" Now, if A. P. Truesdell can forgive sins, he can cure the soul; for sin is the disease of the soul. Let us notice for a moment the manner in which our Saviour called His disciples. The word was, Leave all and follow me. But this self-styled "man of God" would say: "Just wait a moment before you make up your mind to follow me. How much are your assets? How much will your fishing-tackle, boats and what sea-crabs you have on hand sell for—can you make out thirty dollars?"

Mr. Editor, I have already encroached upon your valuable space, but hope you will bear with me; and, if this man who raids all the different denominations of religion and all the scholars of medicine, wants to hear more from me, I will give it in another dose.

Yours very respectfully,
G. H. W.

A Novel Ceremony With Testimonials, Etc.

At the Opera Hall, in this city, on Sunday afternoon, July 18, 1886, Dr. A. P. Truesdell presented diplomas to his first class in Metaphysical Science, after which the Secretary received, from patients present, the following testimonials:

William A. Busse, corner of Pine and Charity streets, 60 years of age, given up by his physicians, vomiting almost constantly, said to be suffering from cancer of the stomach, was treated by the doctor once only, four weeks ago, when the vomiting ceased. Ate only with a spoon. Can now eat almost anything; is confident of recovery.

Mr. Strohm of Flower street, suffering with abscess of liver for five weeks, given up by five physicians, was relieved of all pain by one treatment from Dr. Truesdell. Next day walked to Opera Hall, over twelve blocks, for treatment, having slept well. Some nights previous, not having closed his eyes at all. Feels perfectly confident of restoration to health. Walked five miles on the 19th inst.

Mrs. M. J. Kessler, Los Angeles, 38 Hewitt street, cured of rheumatism in hips by one treatment from the doctor. Was subject to flux and dysentery since childhood. Well next day after receiving one treatment from Mrs. Hill. Can eat anything.

Mrs. J. B. Churchill, 15 Walnut avenue, Los Angeles, deaf 40 years from scarlet fever, hearing entirely gone from one ear, restored by one of the students so that she can hear quite distinctly.

Mrs. T. M. Adams, Fourth street between Fort and Spring, M. E. revival preacher for twenty years, suffered for ten years with rheumatic kidney complaint; tried to take morphine for years to alleviate pain. Had prayed and struggled to be delivered from taking the drug, fearing it might destroy her soul; is willing to speak of it publicly, that others may find the relief which has been granted her. Dr. Truesdell saw her leaving the hall, being too weary to sit longer. He said: "There's a sister who is suffering, and she is filled with the Holy Ghost! Come back! God has something for you!" He laid his hands on her, and the spirit came with power. The kidney was restored to its place, the brain relieved at once and the desire for morphine was gone, and she has not again used it. She warned the audience with great earnestness "to beware how they decided that this was the power of God." Now, after all these years of suffering, digest her food and sleep as when a child.

Mrs. John Sutherland, 122 Fifth street, Los Angeles, 40 years of age, born deaf in right ear, received one treatment from the doctor and two from Mrs. Hill. Can now hear sounds, music, etc.

Mr. Wells had severe fever and chills, with deathly sickness at stomach and faintness; had difficulty in getting to the office; was relieved in about fifteen minutes, went home by himself; next day was as well as ever.

J. W. Turner, Los Angeles, lung trouble over five years; never any relief from other doctors; received four or five treatments from Dr. Truesdell about five weeks ago; was hardly able to get around before; now able to do anything.

An attempt will be made in the Los Angeles delegation to the State Convention to carry the delegation in a solid body in a certain direction for Governor, to-wit., in the direction of the Dimond field. The scheme attempted will be to first commit the delegation, by resolution, to vote as a unit. Then, having by their own act bound themselves hand and foot, the delegates will be polled—*care having first been secretly taken by the manipulators to see that their man has a majority secured in advance*—when, lo! the little joker will appear, with an oily smile on his smirking countenance, and the thing will have been done! Always provided, however, that the delegates are verdant enough to fall into the trap already set for them. But they will not do it. The friends of Swift and Hartson are on the alert.

Will there be war with Mexico? The San Francisco Chronicle seems to think that the danger has by no means passed, and thus sums up a thoughtful article:

"The [Mexican] Federal Government is powerless to control the authorities of Chihuahua, who, in turn, are powerless to resist the demands of the ignorant mob in the frontier towns. It is quite on the cards that Cutting may be sent for a term of months, or years, to a prison at Chihuahua, for an act which Americans will never admit was an offense punishable by Mexican law. We forbear to dwell upon the probable consequences. They must be as obvious to the Mexican as to the American mind. Mr. Romero may try to smooth over matters by assuring the Cabinet of the friendly and conciliatory spirit of Mexico; Mr. Bayard may be satisfied with suave phrases of civility; the President may do his best to adjust matters amicably, but if Cutting goes to jail at Chihuahua a whirlwind may spring up which will sweep everything before it, and which neither President nor Cabinet will be able to resist for an hour."

The Alta California says: "There is a doubt that the convention system has tended to the elevation of local politics, in the days when all who wanted to run for office did so, there was a better chance for personal merit to win and less for intrigue." The convention system, however, being in vogue, it becomes doubly the duty and the interest of the people to elect honest, intelligent and self-reliant delegates, who will not weakly permit themselves to be manipulated by the bosses. A delegate who obediently follows the lead of a boss, like a sheep following the bell wether, deserves the contempt, not the commendation, of his constituents and fellows.

It is definitely and authoritatively ascertained that General Dimond, aspirant for the Republican gubernatorial nomination, has been compelled to let it be known in Los Angeles that his self-appointed "political agent," Mr. Boss, has no authority to act; no right to attempt to "run things" in General Dimond's name; and consequently there is no authority for claiming that he (Boss) carries in his pocket the entire Los Angeles delegation, to be handed over to Dimond at a convenient time. It is a preposterous and impudent claim anyhow, and will be resented by every independent and self-respecting member of the delegation.

According to the county school census for 1886, there are in the county 16,615 children of school age. It is a usual and moderate computation to multiply by five the number of children of school age, to arrive at the total population. According to this basis, Los Angeles county has a present population of 83,075, as against 10,000 in 1866; 33,381 in 1880, and about 70,000 in 1885.

Mr. Jay Gould called upon Mr. Evarts at Thorne the other day in Bar Harbor, Me. How is it that our vigilant colleagues of the Democratic press do not see in the visit a conspiracy to overthrow the Democratic party in 1888?

There are in Los Angeles county 23,653 children under seventeen years of age—not counting those who have been ushered into existence since the census-marshal finished his labors. It is a glorious climate.

The summaries from the annual report of the County Superintendent of Schools, on the second page, present many interesting figures. The public schools are growing and prospering.

Gen. Beaver, Republican candidate for Governor of Pennsylvania, was a quiet participant in the Grand Army rejoicings at San Francisco.

The Legislature seems in the fix of Dean and Zeke—one's sleazd and t'other deesen't.

THE IRRIGATION VICTORY.

How the Fight in the Assembly was Finished—Hazard's Bad Break.

In the Assembly, on the 10th, the special order of the day, consideration of the measure repealing section 1422, arriving, the fight for irrigation opened once more.

The question then came on Walrath's amendment, which read as follows:

"1422. Nothing in the foregoing sections shall in any manner be construed to interfere with a proprietor's natural right, which shall be construed to be: Water for family and domestic purposes, for the purpose of watering live stock, and water for irrigation purposes, to such an extent as shall have been appropriated and used up to the time of the passage of this act."

Jones of Sacramento arrayed himself on the side of the riparianists. He favored Walrath's amendment, but was satisfied that it would be defeated. For ten minutes the infantile lawyer flung scorching rhetoric charging the appropriators with being robbers, etc.

Hazard of Los Angeles claimed the floor and succeeded in making a decided sensation. He challenged Walrath and Jones to put in the words "riparian owner" instead of "proprietor."

It was a palpable bluff, and Walrath promptly sprang to his feet and accepted the amendment. A scene of excitement ensued. The irrigation phalanx was paralyzed at the terrible break made by one of their recognized leaders and could not understand fully what was in the air.

Mr. May, of San Francisco, secured the floor and somewhat stayed the tide by assuring Mr. Hazard that his suggestion was fatal to irrigation.

Mr. Hazard, however, stood by his challenge and sent up the proposed amendment.

Mr. Munday, of Sonoma, in a short speech, said that the Los Angeles member had put his foot in it, and hoped that none of the other members would vote for the proposed amendment.

Mr. Weaver and Mr. Beard followed in the same strain.

A call of the house was moved. Deeming the motion to be for delay, the Assembly voted it down by 42 ayes to 26 noes.

The motion then came on the adoption of Walrath's amendment with Hazard's suggestion incorporated.

The roll was called and the amendment killed by a vote of 43 noes to 25 ayes. Hazard voted in the affirmative and Banbury and Edwards in the negative.

Mr. Firebaugh of San Francisco moved to strike out the enacting clause. Lost—11 ayes, 37 noes.

Mr. Davis of Sacramento introduced an amendment similar to the Walrath amendment, which was promptly ruled out of order by the Speaker.

Mr. Moffitt of Alameda moved the previous question, which was ordered by an overwhelming majority.

The bill was then ordered to be read a second time by the decisive vote of 53 ayes to 7 noes (seven members being absent).

The great victory for the people was greeted with intense enthusiasm, and, midst a scene of excitement, the House took a recess till 2 p. m.

AFTERNOON.

Assembly Constitutional amendment No. 7 was introduced by Mr. Edwards, of Los Angeles. It permits the Legislature to pass special legislation for irrigation purposes.

Mr. Walrath wished to amend by allowing legislation on all beneficial purposes.

Mr. Hazard, of Los Angeles, said that if the amendment was adopted the people would kill the amendment. He thought that this was what Mr. Walrath was working for.

Mr. May wanted the Spring Valley Water Company kept out of legislation.

Mr. Jones, of Sacramento, and Mr. Woodward, of San Joaquin, agreed with Mr. May.

The amendment was defeated by a vote of 13 ayes to 47 nays.

Edwards offered an amendment adding the words "Provided, however, that such laws having a local application shall not grant to any private corporation or individual any special or exclusive right, privilege or immunity." Adopted.

Roseberry attempted to insert the word "mining" purposes in connection with irrigation. Defeated.

The measure was then put upon its final passage and received the necessary two-thirds vote.

The amendment is to Section 25, Article IV of the Constitution, and as finally passed by the House reads:

"But nothing in this section shall prevent the Legislature from passing laws having local application regulating the division, distribution and use of water for irrigation *purposes* and *for* the construction and regulation of canals, ditches, and other works therefor, as may be required in any county or counties, or in any district created by law for that purpose; provided, however, that such laws having a local application shall not grant to any private corporation or individual any special or exclusive right, privilege or immunity."

Goucher's bill, No. 8, was next taken up and discussed for some time.

Walrath, McGlashan and Firebaugh attempted to insert several little jokers, but all were defeated, and the bill passed to engrossment and a third reading. It reads as follows:

Section 1. The water of every natural, innavigable stream within the State of California is the property of the public, and is dedicated to the use of the people of the State. Such water may be appropriated, diverted and used for irrigation, or other beneficial purposes. The right to divert unappropriated waters of any natural stream to such beneficial uses shall be regulated by law. Prior appropriations of water to any such purpose, whether heretofore or hereafter made, so long as applied to such *use or other beneficial purposes*, shall give the better right to the extent of the amount of water diverted and applied, and the right of appropriation shall be exercised under legislative regulations, *provided the navigation in navigable streams under the control of the United States shall not be impaired.* The English common law of riparian rights, so far as it conflicts with this act, shall not be recognized as a rule of decision in any of the courts of this State.

Section 2. All acts and parts of acts in conflict with this act are hereby repealed.

Section 3. This act shall take effect immediately.

The Holiness Humbug.

To the Editor of the Times—SIR: No sooner do we get rid of one humbug than close upon her heels follows, as we believe, one of the greatest impostors of modern times—the self-styled Dr. Truesdell, who sets himself up as the Soul-Healer, the Mind-Healer and the Body-Healer—all three combined in one. Let us notice his mode of operations: He comes to town, advertises himself as the great Soul-Healer, and announces that the lame walk, the deaf hear, the blind see, etc., and that he will give free lectures every Sunday and Tuesday. At these so-called lectures (which are nothing more or less than a further means of advertisement) he announces that he will give private lectures, which will each cost only the small sum of $5, or six lectures for $30. As an inducement for the public to attend, he tells them that after attending six of these lectures they too can become qualified to heal the sick and do all the wonderful things which he claims to do. How cheap the road to health, wealth and prosperity now seems! He also has an office where you may consult him or pay him $3 for rubbing the back of your neck. After a sojourn of some ten weeks in our city this great Soul Healer finds himself in quite a prosperous condition, financially, with about twenty disciples (and still hankering for more) the majority of whom are women, to whom he gives what he calls a "Diploma." Let us notice this as we pass, and his form of giving the same. "All those who are entitled to a diploma come to the front"—toe the mark. Then he holds in his hand the so-called diploma and reads: "Christian Science Union" (naming date and place) this is to certify that Miss or Mrs. So-and-So has attended a full course of the lectures given by A. P. Truesdell. Signed by the president and secretary of the board) How ridiculous! He does not endow them with any of the "power," nor does he ever acknowledge the thirty dollars. How sharp! When gamblers beat you out of your money you might recover it or lock them up or make them leave town; but this seems to be a hopeless case. I attended his tirade on the TIMES editor last Sunday (I will not call it a lecture) and heard him tell the story of the ring-worm which is so absurd and so silly that I will not repeat it, and which I believe to be a lie.

Our Saviour said: "Whether is it easier to say to the sick of the palsy, Thy sins be forgiven thee? or to say, Arise and take up thy bed and walk?" Now, if A. P. Truesdell can forgive sins, he can cure the soul; for sin is the disease of the soul. Let us notice for a moment the manner in which our Saviour called His disciples. The word was, Leave all and follow me. But this self-styled "man of God" would say: "Just wait a moment before you make up your mind to follow me. How much are your assets? How much will your fishing-tackle, boats and what sea-crabs you have on hand sell for—can you make out thirty dollars?"

Mr. Editor, I have already encroached upon your valuable space, but hope you will bear with me; and, if this man who raids all the different denominations of religion and all the scholars of medicine, wants to hear more from me, I will give it in another dose.

Yours very respectfully,
G. H. W.

A Novel Ceremony With Testimonials, Etc.

At the Opera Hall, in this city, on Sunday afternoon, July 18, 1886, Dr. A. P. Truesdell presented diplomas to his first class in Metaphysical Science, after which the Secretary received, from patients present, the following testimonials:

William A. Buster, corner of Pine and Charity streets, 66 years of age, given up by his physicians, vomiting almost constantly, said to be suffering from cancer of the stomach, was treated by the doctor once only, four weeks ago, when the vomiting ceased. Ate only with a spoon. Can now eat almost anything; is confident of recovery.

Mr. Strohm of Flower street, suffering with abscess of liver for five weeks, given up by five physicians, was relieved of all pain by one treatment from Dr. Truesdell. Next day walked to Opera Hall, over twelve blocks, for treatment, having slept well. Some nights previous, not having closed his eyes at all. Feels perfectly confident of restoration to health. Walked five miles on the 19th inst.

Mrs. M. J. Keasler, Los Angeles, 36 Hewitt street, cured of rheumatism in hips by one treatment from the doctor. Was subject to fits and dysentery since childhood. Well next day after receiving one treatment from Mrs. Hill. Can eat anything.

Mrs. J. B. Churchill, 15 Walnut avenue, Los Angeles, deaf 47 years from scarlet fever, hearing entirely gone from one ear, restored by one of the students so that she can hear quite distinctly.

Mrs. T. M. Adams, Fourth street between Fort and Spring, M. E. revival preacher for twenty years, suffered for ten years with Bonding kidney; compelled to take morphine for years to alleviate pain. Had prayed and struggled to be delivered from taking the drug, for fear it might destroy her soul; is willing to speak of it publicly, that others may find the relief which has been granted her. Dr. Truesdell saw her leaving the hall, being too weary to sit longer. He said: "There's a sister who is suffering, and she is filled with the Holy Ghost! Come back! God has something for you!" He laid his hands on her, and the spirit came with power. The kidney was restored to its place, the brain relieved at once and the desire for morphine was gone, and she has not again used it. She warned the audience with great earnestness "to beware how they denied that this was the power of God." She says 1,000 will, after all these years of suffering, digest her food and sleep as when a child.

Mrs. John Sutherland, 122 Fifth street, Los Angeles, 14 years of age, born deaf in right ear, received one treatment from the doctor and two from Mrs. Hill. Can now hear sounds, music, etc.

J. H. Wells had severe fever and chills, with deathly sickness at stomach and faintness; had difficulty in getting to the office; was relieved in about fifteen minutes, went home by himself; next day was as well as ever.

J. W. Turner, Los Angeles, lung trouble over five years; never any relief from other doctors; received four or five treatments from Dr. Truesdell about five weeks ago; was hardly able to get around before; now able to do anything. Pain constantly before in the chest; now none, only a slight cough left.

Lady with granulated eyelids of six months standing cured by one treatment from the doctor. Severe neuralgia in head, for three years, entirely cured in four or five treatments by two of the students.

NEIGHBORHOOD NEWS.

POMONA.

WELL BORING PROJECTS — SMALL FIRE — NEED OF INCORPORATION, ETC.

Correspondence of the TIMES.]

POMONA, Aug. 12.—The steam boring apparatus of Griggs, Bros. & Harrison arrived here at 5 p. m. Wednesday. Today it was safely unloaded and started on its way, several two-horse teams bringing up in the rear, with enough rope and rigging for a clipper ship. The Palomares tract will be the seat of action, where the several wells already bored will be deepened several hundred feet. From five wells contracted for, the Land and Water Company hope for water up to several thousand inches.

The fire ladder were called out, yesterday, for a run to the Mexican restaurant, on Main street, which was found to be on fire. Several of the citizens got a stream of water from a garden hose on the burning building, and had the fire extinguished before any water came through the fire hose.

Pomona needs badly a hook-and-ladder truck.

The Fire department here is not one to be proud of, principally because so little public spirit is shown and interest in the matter. Even when the question is of expenditure for more water and fire plugs, it meets the coldest kind of a reception. After a large fire, then will the citizens arise and do something.

Many are the illustrations we have showing the importance of incorporating. Here is a town of nearly 30,000 inhabitants with little, if any more government than the highways. A man gets just a little too much to carry home conveniently and lies in the gutter, where no one touches him, our constabulary having no power to act. Saturdays' highway robbery, at 9 p. m., under the shade of two pepper trees on Second street, near Main (the center of town) shows what has been and can be done.

Col. Bohrer is again in town after a brief visit East. His new residence will soon appear and add much to its surroundings.

Building promises to be very active the coming fall and winter. At least four new blocks and as many fine residences will soon be under way.

The Pomona City Guard has been hard at work drilling, so it is credited with much improvement, and can well afford to take a vacation during the hot weather until October 5. This organization is still hearty and strong, numbering 75 able-bodied men, and determined to stick to it until accepted by the State. Applications for admission have been approved and forwarded, and they now await the disbanding of several northern companies.

Every now and then a stray G. A. R. man visits the town, sometimes alone, then in squads of two or three, and sometimes more. They strut around, taking all in, asking questions without number.

Uncle Jake Metzer, road overseer, is at present occupying himself opening alleys that have long since been forgotten, and to accomplish this end, removes all obstruction—even to barns. TRUM.

SIERRA MADRE.

LIBRARY MEETING—WATER DEVELOPMENT, ETC.

Correspondence of the TIMES.]

SIERRA MADRE, Aug. 12.—A meeting was held at the school-house here on Saturday, the 7th inst. C. E. Cook was chosen chairman, and Prof. E. T. Pierce Secretary. This meeting was called by the executive committee of the Library Association, and the subjects acted upon were: First, The name of this association shall be the Sierra Madre Library Association—not a stock company, but run on the membership plan. Second, It was voted that $25 shall constitute a life membership; $3 an annual membership. Third, Directors elected for the first year were Messrs. Andrews, Wilson, Hosmer, Hart, Crisp, Reed and Lewis. The meeting then adjourned to the 13th, when other matters will be discussed.

Mrs. Cook arrived here, from her three months visit in the Pine Tree State, Monday morning; and like all who have "come before" she is delighted to be back to her adopted state again.

Water development is still progress satisfactorily. The men who are tunneling, have to work with a complete water proof suit now, for it rains down on them in a shower all the time.

Quite a number are taking time (or the bugs) by the forelock and are spraying their orange trees. They don't propose to raise bugs for the market, but good, clean oranges and lemons.

It is astonishing how some men will act as soon as they out loose from female society. For examples two of our most quiet and sober men sent their wives to Santa Monica, last week, and on that very first evening a company of good fellows were invited in, and they played cards and caroused till nearly morning. It is a warning for the women, when they must go to the beach, to either take their husbands along or not go at all.

We are told on the authority of Mr. Blankenhorn, General Passenger Agent at Pasadena, that shortly an evening train will be run on the San Gabriel Valley Road to accommodate all who wish to attend a lecture, concert or any thing of the kind in Los Angeles.

Mr. Willard, the Pasadena surveyor, is still laying off new streets and driving more stakes for town lots. B. B.

ORANGE.

PERSONALS — CHOLERA MORBUS — RAISINS.

Correspondence of the TIMES.]

ORANGE, Aug. 12.—A large per cent. of the Methodists in this vicinity attended the camp-meeting at Long Beach.

Mr. Butterfield, of the People's Store, with his wife, spent Sunday with friends in this locality.

Miss Cora Williams has been engaged as assistant to Prof. Norton, in Mountain View district.

We have heard of a few cases of cholera morbus which were brought on by indiscretion in eating unripe fruits or stale vegetables.

Picking, packing and shipping fresh grapes is now the leading business with dealers and vineyardists in this vicinity.

The ladies of this valley intend to do their share towards providing entertainment for the veterans on Los Angeles day.

The neat little pamphlet, "Orange, California, Illustrated and Described," is at hand. There are many things in it which will commend it to the favor and patronage of our citizens. The adjoining towns of McPherson, Garden Grove and Westminster have also received a fair share of attention.

McPherson Bros. have commenced active operations in fresh grapes. Stephen, one of the brothers, went to Chicago with the first carload, and will visit other points in their interests before he returns. Last year they used on an average one railroad car per day either in bringing in fruit and necessaries, or carrying away what they wished to sell. Over one quarter of a million of dollars was expended for fruit and $80,000 paid out for labor.

Iron Sulphur Springs.

Thirteen miles' drive east, near the ostrich farm; pleasant health and pleasure resort, located on high mesa land. Hot mineral baths, equal to Hot Springs of Arkansas. Mineral waters remarkable for cure of rheumatism, diseases of stomach, kidneys, skin and nervous system. Good hotel, pleasant grounds. Two trains daily on Santa Ana Railroad; $1.25 round trip. Daily mail and telephone.

Ladies,

Consult Mrs. Dr. Wells, whose specialty is diseases of women, and treatment entirely new. Prompt relief in female irregularities. Two hours each day devoted to electro, medicated and hot-air baths. Consultation free. 341 Spring street.

FINANCE AND TRADE.

OFFICE OF THE TIMES,
LOS ANGELES, Thursday, August 12, }

Corn continues very scarce and prices are firm. In Wheat and Barley the market continues very quiet.

A special from Chicago to-day to the San Francisco Call gives the following regarding the market for California Fruits:

Demand is good, but prices are ruling low for nearly all kinds of California Fruits. As Michigan Peaches are beginning to come forward quite freely, as well as some from Delaware and Maryland, and as it is reported that all Eastern markets are beginning to be well supplied with Delaware and Maryland Peaches, therefore low prices must be expected for California Peaches. Pears are selling from $2 @ $2.50 per box. And one car was received this week in such bad condition that it was offered at $1 per box, but probably did not bring much, if any, more than freight charges. Muscat Grapes are selling slowly at $1.50 per crate. Peaches bring $1.75 per box. Some in not quite so good condition bring considerably less. Nectarines have but very poor sale, notwithstanding they seem to be a very good variety of fruit. They sell from 35 cents to $1 per crate. Next week it is expected that all kinds of California Fruits will be lower, owing to increased receipts of home Fruits.

The first car-load of Wine Grapes, Zinfandel, has arrived from Fresno, at San Francisco. It sold at $18@20 per ton.

Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, Aug. 12.—Government bonds dull.

The stock market to-day was irregular and feverish at times. This was caused by the unequal action of different forces. The bulls are nervous over the increasing rate for money, and the bears, on account of the slowness of the market, tolled under unfavorable conditions. The market today was affected by the purchase on foreign account, and later by rates for sterling exchange; unfavorable influences of the financial situation and reports of further damage by drought in the West. There was continued hammering by local brokers throughout the day. Texas and Pacific was conspicuously weak stock upon the unfavorable outlook under the new combination for reorganization. Manhattan made further advance, but business in both it and Wabash was confined within narrow limits. Prices at the opening showed irregular changes, which were, however, generally within ¼ per cent of last evening's final figures. New York Central is up ⅝ and Delaware and Hudson and Northern Pacific preferred each ⅝ per cent, and Louisville and Nashville was down ⅝. Prices generally declined in early dealings, but for only fractional amounts, which were generally recovered, after which the market remained steady until the afternoon, when a general decline took place, which was checked in the last hour, and the market closed firm on a rally.

Two Friends Meet.

"Hello! Old fellow! What have you been doing to yourself? You look like a subject for the undertaker," exclaimed the man on the right.

"I have been taking mercury and potash mixtures until they have nearly ruined me," squeaked the old man on crutches.

"And I," said the other, "have been taking the genuine Swift's Specific, which has built me up from the first dose."

Swift's Specific

Is Nature's own remedy, made from roots gathered from the forests of Georgia. The method by which it is made was obtained by a half-breed from the Creek Indians, who inhabited a certain portion of Georgia, which was communicated to one of the early settlers, and thus the formula has been handed down to the present day. The demand has been increasing until a $100,000 laboratory is now necessary to supply the trade. A foreign demand has been created, and enlarged facilities will be necessary to meet it. This great

Order to show cause why order of Sale of Real Estate should not be made.

IN THE MATTER OF THE ESTATE OF S. H. Towne, deceased.—Julia A. Towne, administratrix of the estate of S. H. Towne, deceased, having filed her petition herein praying for an order of sale of the real estate and personal property of said decedent, for the purposes therein set forth, and also for an order determining and setting apart to said Julia A. Towne her separate interest in the real property described in said petition,

It is therefore ordered by the said court, that all persons interested in the estate of said deceased, appear before the said Superior Court on

Monday, the 6th day of September, 1886,

at 10 o'clock in the forenoon of said day, at the courtroom of said Superior Court at the court house in the city and county of Los Angeles, to show cause why an order should not be granted to the said administratrix to sell so much of the real estate of the said decedent as shall be necessary, and the personal property aforesaid, and for an order setting apart the separate estate aforesaid.

And that a copy of this order be published at least four successive weeks in the LOS ANGELES DAILY TIMES, a newspaper printed and published in said county of Los Angeles.

Dated July 27, 1886.

A. BRUNSON, Superior Judge.

Hospitable Preparation to Welcome the Vets.

SKELETON OF MONDAY'S PROGRAMME.

A Parade, Banquet, Concert and Reunion—Arrangements Progressing Smoothly—Pasadena and San Bernardino Taking Hold.

The special G. A. R. train from San Francisco, which had been expected at noon yesterday, did not arrive until quarter-past five. It consisted of one emigrant car, one Pullman and three Worcester Excursion cars. The number of visitors, all told, would not exceed one hundred, including the ladies. Three of the cars were inscribed "Department of Massachusetts," "Dahlgren, Post No. 2, G. A. R." and Maj. How Post No. 47, Department of Massachusetts." Among the Worcester Excursion cars was one very fine parlor car, elegantly furnished, containing a piano, and, in a separate compartment, a kitchen in charge of a colored cook. Many of the visitors, who seemed all of the wealthier classes, took drives in hacks to view the city. But as their time was limited to two hours, many of the finest parts of Los Angeles were not seen by them. The train left at 7 p. m., en route to New Orleans, Cincinnati and Boston.

FIRING WITH GRAPE.

The G. A. R. sent down a committee to welcome the visitors by yesterday's special train, and left them a present of fruit, consisting of 40 boxes of grapes and two boxes of lemons. This attention pleased the visitors immensely.

GENERAL COMMITTEE MEETING.

The General Committee on Entertainment met yesterday at 4:30 p. m., Col. Dunkelberger being in the chair. Sedgwick Post, No. 17, of Santa Ana, sent a communication stating that they will attend on the 16th at Los Angeles.

Gen. Mathews and command were invited to turn out on Monday, and to act as an escort to the G. A. R. visitors.

Sidney Lacy was appointed a committee on street decorations.

Comrade F. Jordan was appointed Marshal of the Day, and is to be requested to make the march or parade a short one.

The following resolutions were unanimously carried:

"That the reception to the Grand Army visitors consist of a public procession in honor of our guests, a lunch at the Tabernacle by the ladies, an entertainment at the Grand Opera House, and an informal entertainment at headquarters, both in the evening;

That the Grand Army Posts of this city be requested to turn out;

That the Brigadier General commanding the N. G. C. Brigade be invited to parade with the command; that Chief Engineer Moore be requested to order out the fire department; that invitations be also extended to the Young Men's Republican Club, uniformed; uniform ranks of K. of P. and A. O. U. W. and all other uniformed bodies; and that the Seventh Infantry Band be engaged on Monday for the whole day and evening. That Major F. Jordan be appointed Grand Marshal, with power to appoint his own aids."

THE COMMISSARY.

Donations of melons, peaches, grapes and fruits of all kinds, as well as other suitable donations, should be left at G. A. R. headquarters, until Saturday afternoon, and thereafter until Monday morning, at the Tabernacle. The ladies in charge of the commissary do not wish any meat except ham for sandwiches. They want cake, bread, pickles, butter, sugar, fruit, and all the flowers that can be sent, especally button hole bouquets.

DECORATIONS.

The decorating of the hall has been going on all day yesterday, and is very tasteful. The walls are covered with flags, pictures, flowers, palm leaves and pepper tree twigs, and there are some very fine floral designs. The decoration will be finished to-day, at 10 o'clock, and the hall will then be thrown open to the public.

GENERAL CLOSING.

An extensively signed petition was presented to Mayor Spence, yesterday, as follows:

Hon. E. F. Spence, Mayor—We, the undersigned citizens of Los Angeles, would most respectfully recommend your honor to suggest to the business men of the city the propriety of closing their places of business on the 16th inst., "Los Angeles Day," thus enabling every one to have an opportunity of welcoming our expected visiting comrades and their friends, and to participate in the celebration of this memorable occasion.

The Mayor will probably issue an official request, to-day, as indicated in the petition.

CALLS FOR MEETINGS.

The Decorating Committee, and all others who are willing to help, are requested to meet at the Tabernacle, corner of Fourth and Main, at one o'clock this afternoon.

The following Soliciting Committee is requested to meet this afternoon, at five o'clock, at the Tabernacle, to report what has been done. Any others who wish to contribute are also requested to be present. Contributors are requested to deliver articles to members of the committee at their residences. Mrs. Johnson, Chairman; Mrs. Renne, 106 South Olive street; Mrs. Heaver, 205 Suto street, for Boyle Heights; Mrs. Tyler, 619 Huff street, for East Los Angeles; Mrs. Wise, 1209 Temple street; Mrs. McDowell, 102 Boyd street; Mrs. Binkley, Philadelphia street; Mrs. Moore, 214 Pine street; Mrs. York, 6 Clay street; Mrs. Rowley, Mrs. Horner, Mrs. Judge Baxter, Mrs. Greenleaf, Mrs. Whitney.

PASADENA'S PART.

A Pasadena delegation will come to Los Angeles and turn out with the procession here on the 16th.

Tuesday, the 17th, has been selected as "Pasadena Day," when the people of the Crown of the Valley will do their level best to entertain all G. A. R. visitors, their families and friends.

SAN BERNARDINO TO ENTERTAIN.

The Index of Wednesday says: Last night, pursuant to call, quite a number of our citizens met at the Courthouse to make some arrangements to entertain the Grand Army boys. * * The idea was to meet the train at Barstow, and if possible induce the old veterans, their families and their friends to stop over a day or two in San Bernardino. In order to properly entertain the old soldiers it would be necessary to raise money to defray expenses and conduce to their comfort while among us. It was decided to appoint a committee of six to go out and meet the Grand Army boys at Barstow. The following-named gentlemen were selected as the Barstow committee: H. L. Drew, I. R. Brunn, L. Rochet, E. C. Seymour, W. J. Curtis and J. A. Dixon. In order to raise the necessary funds to carry out the idea of properly entertaining our soldier guests, a finance committee was appointed consisting of James W. Waters, Joseph Bright and N. W. Crandall. One hundred dollars was subscribed before the meeting adjourned last evening and a large amount of native wines and fruit contributions were offered. To-day the committee will call on our citizens for money, fruit and other contributions, and if success is to attend the efforts of the committee, our people should give liberally. The train containing the committee and offerings of wines, fruits, etc., will leave here to-morrow at nine o'clock. The Finance Committee will meet on the 13th at 8 p. m. to make their report.

The California Southern Railroad have kindly offered to ship all donations of fruits, wines, etc., to Barstow free of charge. In soliciting the committees are meeting with success.

Low Rates to San Diego.

To holders of G. A. R. excursion tickets, the California Southern Railroad will sell round trip tickets to San Diego for one fare for the round trip. Tickets good to return within ten days.

On Wednesday, August 18th, a grand G. A. R. excursion train will leave the Union depot for San Diego, at 9:30 a. m. Fare at greatly reduced rates.

For information, apply at the California Southern Railroad ticket office, 230 N. Main street

GEORGE YOUNG.

Did He "Get Away With" the Ex-Prisoners' Funds?

The comrades here are disinclined to believe the telegraphed story that George Young, of Stanton Post No. 55, has skipped from San Francisco with $118 he had collected there and failed to turn over to the proper parties. It is stated that he has considerable property at Santa Monica, and would not "throw himself away" for a paltry $118. Much feeling is expressed, however; and there is no doubt that if the accusations prove true, the Grand Army here will make it decidedly hot for Young.

A FRISCO ACCOUNT.

Wednesday's Chronicle dishes up the matter as follows:

"During the Encampment week one of the most energetic and apparently hardest worked comrades in that busy room, the Chamber of Commerce, was "Professor" George Young, "Chairman of the Committee on Pensions of the Society of ex-Prisoners of War of California, and Acting President of the Association," as he called himself. His cards gave his address as Santa Monica, Cal. The Professor announced his business in this city to be the organization of a San Francisco branch of the society which he represented. As his credentials, he showed a power of attorney from J. F. Walker, of Los Angeles, who signed himself as President of the California Association. The paper was also signed by J. C. Oliver, "Secretary." At his headquarters in the Chamber of Commerce, the Professor opened a roll for comrades who wished to join the association. Over 230 signatures were obtained, and every man paid the eloquent Professor 50 cents for the privilege. This money, it was understood, was paid as initiation fees, and was to revert to the San Francisco branch after its organization. The Professor on last Thursday issued a call for a convention, to meet in Silver Star Hall, on Sansome street, on the following Friday evening. Quite a number of comrades attended, and each paid the Professor 25 cents for the privilege of entering the hall. It is said that the glib comrade from Santa Monica thus collected $40. The convention turned into a sort of mutual admiration society, Young and others relating their experiences while enjoying the hospitality of the rebels. A large number of members of the Loyal Ladies' League also attended at the invitation of Young, but left before the "convention" adjourned, presumably being tired of the harrowing tales told. The veterans organized however, and elected W. P. Daly, President and J. Sullivan Secretary. Young went on the bay excursion on Saturday and, it is stated, collected $11.50 more as "initiation fees." Last Monday he went to Oakland and on that evening told Sullivan, the Secretary, that on the following morning he would turn over the money which he had collected, to the Secretary, if the latter would call at the Professor's room at 19 Powell street. According to agreement, the Secretary called at the Professor's room yesterday only to find that he had departed. The landlady informed Sullivan that on Monday evening Young had complained of being sick, and early yesterday morning he and his wife had departed, saying that they were going to Los Angeles. Sullivan hastened to the railroad depot, but could find no trace of the man from Santa Monica. He then went to the landing of the Los Angeles steamer, where he was informed by a policeman that a man answering the Professor's description had departed on the steamer, which left before 9 o'clock yesterday morning. A man who afterward found who had exchanged his steamer ticket to Los Angeles with Young for the latter's railroad ticket, being induced to do so by the vivid description of the beautiful scenery along the railroad given by the Professor. Sullivan informed the Chief of Police of the matter, and, at the latter's advice, wrote to Young's address for a letter asking for an explanation.

"As the matter now stands the Professor has disappeared, and with him has gone the "initiation fees" of 237 members, which, if they were all paid, amounts to $118 50. It has been ascertained that the J. F. Walker, whose power of attorney was presented by Young, is not the President of the California Society of ex-Prisoners of the War, nor is Oliver the Secretary. The name of Young appears in the roster of posts in this Department of the Grand Army as a member of Stanton Post, No. 55, of Los Angeles."

M. HILTON WILLIAMS,
M. D., M. C. P. S. O.,
275 NORTH MAIN ST.,
Next the Diamond House, Los Angeles, Cal.

All diseases of the respiratory organs treated by the most improved system of medicated inhalations, combined with Constitutional Remedies for the Liver, Blood, etc.

Nearly 75,000 cases successfully treated during the past 19 years for some form of head, throat or lung troubles.

CATARRH.

To all those who are afflicted with any of the different forms of catarrh, we would say there is no disease which presents a greater diversity of symptoms—none more loathsome, insidious and dangerous—than Nasal Catarrh, especially if complicated, as it almost always is, from its first appearance, with an affection of the throat.

From the earliest symptoms (which are generally attributed to "cold in the head") to the various ugly and distressing stages through which the disease passes, the patient is hopeful of recovery, and rarely gives it proper attention until certain alarming symptoms present themselves, denoting unmistakably the rapid advance of the malady to the lungs. Indeed, so various are the symptoms that the presence of the disease is not always known or even suspected, till it has reached the more advanced stages. It is a disease may be successfully attended by a Discharge from the nostrils or the throat, but there is usually present a morbid secretion and a frequent disposition, especially in the morning, to clear the throat, and the effort to do so is often, though not always attended by expectoration; there is a sensation of heaviness in the frontal part of the head, and the brain sometimes suffers to an extent producing headache, vertigo and confusion; it becomes difficult to think clearly and to concentrate the mind; the memory becomes impair d and the intellect enfeebled; despondency of spirits and an excitable condition of the nervous system. Such is the effect of the disease, and if to this train of symptoms (which not infrequently leads to insanity or idiocy) we add many of the more loathsome physical effects, as caries, or rottenness of the bones of the face and head, a most offensive smell to the breath, and corrupt, morbid and poisoned secretions, destruction or serious injury to the senses to smell, hearing, sight and taste, we have a catalogue of horrors which should lead any person to make early and proper efforts to eradicate the disease while it is in a curable stage.

Persons desiring treatment by this system of practice can use the remedies at home, as well as at our office, and which will cause no inconvenience or hindrance to business whatever. And we would add that this is the very best time of the year to be treated for catarrh.

I have seen so many of these cases cured that I do not consider any case hopeless unless the disease has advanced to the cheesy stage, that both lungs are seriously involved. The inhalations aid us in dissolving the mucus and in contracting and healing the cavities, which nothing else can do with the same success.

The very best references from those already cured.

CONSULTATION FREE.

Those who desire to consult with me in regard to their cases had better call at my office for consultation and examination, but if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address

The Paso Robles, Santa Ysabel and Eureka Ranches,

Recently purchased by the West Coast Land Company, are now offered for sale in subdivisions.

This immense body of land, including 13,000 acres unsold of the Huer Huero ranch, belonging to C. H. Phillips, comprises 64,000 acres of rich, virgin soil. It lies in a compact body, in the center of San Luis Obispo county, and is within from 9 to 30 miles of the sea coast. It is covered with white and live oak timber, is one of the most picturesque bodies of land in the State, and requires

NO IRRIGATION.

It has an abundance of living water, and where not sufficient for domestic use, good water can be had at a depth of from 10 to 40 feet. It has an average annual rainfall of 31 inches, exceeding that of 24 inches that of Santa Clara county, one of the most prosperous counties in the State.

The extension of the Southern Pacific Railway from Soledad southward traverses these lands for 15 miles, throughout their entire length, placing the property within eight hours of San Francisco.

These lands are offered at from $10 to $30 an acre and are all susceptible of the highest cultivation. In salubrity of climate, productiveness of soil and location as to market, they are equal to lands in the Los Angeles and San Diego counties, which readily bring from $100 to $300 and upwards; and as to
